

RESOLUTION TO REVISE THE SYSTEM OF SHARED GOVERNANCE AT VIRGINIA TECH AND APPROVE THE NEW UNIVERSITY COUNCIL CONSTITUTION AND BYLAWS

WHEREAS, Virginia Tech has been well served by a system of shared governance structured to include representation by a wide cross-section of faculty, students, staff, and administrators; and

WHEREAS, the underpinning for Virginia Tech's system of shared governance is the "Statement on Government of Colleges and Universities" issued jointly by the American Council on Education, the American Association of University Professors, and the Association of Governing Boards of Universities and Colleges in 1966; and

WHEREAS, the last comprehensive review of Virginia Tech's system of shared governance occurred in the early 1990s and resulted in the current interlocking system of committees, commissions, advisory councils, and University Council, which is the main policy-making body of the university and is advisory to the President; and

WHEREAS, although minor modifications have been made to the governance structure and University Council Constitution and Bylaws, there had been no systematic evaluation of the system in 25 years, and the lack of a formalized path for the collective voice of the faculty, student, and staff constituencies to be represented through their formal bodies in the process of policy formulation and approval was identified as a deficiency; and

WHEREAS, in the spring of 2019, President Sands commissioned the ad hoc President's Committee on Governance composed of faculty, students, staff, and administrators to define a set of guiding principles for effective and equitable governance and outline any changes to the existing system required to put these principles into effect, and on February 15, 2021, University Council approved a set of "Principles of Shared Governance" and a framework for the revised system of shared governance; and

WHEREAS, the ad hoc President's Committee on Governance has since continued deliberations on a detailed proposal for a revised system of shared governance, resulting in a revised University Council Constitution and Bylaws presented here for approval; and

WHEREAS, a summary of major changes to the University Council Constitution and Bylaws is appended to this resolution for informational purposes; and

WHEREAS, each of the five senates is in the process of reviewing and revising its constitution and bylaws to align with the new University Council Constitution and Bylaws, and those senate documents will be approved separately through the governance process;

NOW, THEREFORE, BE IT RESOLVED that the attached revised University Council Constitution and Bylaws be approved effective July 1, 2022, contingent upon approval by the President and Board of Visitors, and corresponding changes will be made to the Faculty Handbook; and

BE IT FURTHER RESOLVED that reviews of the new system will be conducted after the first and second years of implementation, and any recommended refinements to the University Council Constitution and/or Bylaws or the senates' constitutions and/or bylaws will be presented for approval through the shared governance system; and

BE IT FURTHER RESOLVED that the dissolution of the Graduate Curriculum Committee, Pathways General Education Curriculum Review Committee, and Undergraduate Curriculum Committee, and the removal of these three committees from the University Council Bylaws, as proposed in an effort to streamline the curriculum review process, will occur at the start of the 2023-2024 academic year, to allow time for development of CourseLeaf, Virginia Tech's new curriculum management software; and

BE IT FURTHER RESOLVED that existing approval processes for course and program proposals will remain in effect for the 2022-2023 academic year, including the progression of program resolutions from the appropriate commission to the University Council without a vote by the Faculty Senate; and

LASTLY, BE IT RESOLVED that the dissolution of the Graduate Curriculum Committee, Pathways General Education Curriculum Review Committee, and Undergraduate Curriculum Committee, and the removal of these three committees from the University Council Bylaws, as proposed in an effort to streamline the curriculum review process, is contingent upon the provision of additional funding to the Registrar's Office, as requested in the critical needs budgeting process.

Recommendation

That the above Resolution to Revise the System of Shared Governance at Virginia Tech and Approve the New University Council Constitution and Bylaws be approved.

University Council Constitution and Bylaws

November 6, 1995

(Last updated June 1, 2021)

**Published by the University Council of Virginia
Tech**

Preamble

With the passage of Morrill Act by Congress in July, 1862 and subsequent action of the Virginia Legislature in 1864, 1872, 1944, and 1970, Virginia Polytechnic Institute and State University was created as a land-grant university and has been charged and developed with the responsibility to serve the citizens of Virginia and beyond.

BELIEVING that the fundamental goal of this land-grant university is to serve as a dynamic force in society by providing both a reservoir of knowledge and a stimulating academic atmosphere for the transmittal and application of that knowledge; and further believing that the establishment of these conditions encourages the discovery of new principles and truths and the development of an appreciation of human values; and

BELIEVING that the attainment of the objective requires mutual understanding and joint effort of the governing board, administration, faculty, A/P faculty, staff, and students; and

BELIEVING that a university functions most effectively under orderly but flexible and adaptive processes of administration and government:

Virginia Polytechnic Institute and State University does hereby enact a constitution and bylaws for the University Council and its internal and related components, with the approval of the president of the university and the Board of Visitors, and in accordance with the “Virginia Tech Principles of Shared Governance.”

Virginia Tech Principles of Shared Governance

Shared governance is the process by which the university community shares responsibility for reaching collective decisions on matters of policy and procedure. We believe that shared governance is essential to Virginia Tech’s mission as “an inclusive community of knowledge, discovery, and creativity dedicated to improving the quality of life and the human condition within the Commonwealth of Virginia and throughout the world.” We further believe that shared governance is the means by which we organize the components of the university into an interdependent whole; that collaborative decision-making is the foundation of strategic and coordinated effort; and that shared governance should operate within the framework of the following principles at every level of Virginia Tech’s various locations:

1) *Democratic processes*

We will employ democratic processes, including the use of representative bodies, to ensure that the views of all constituencies are reflected in our decisions and to increase the likelihood that a course of action will be broadly supported and implemented. All revisions to and the creation of new academic initiatives, policies, and programs will be carried out within our formal system of governance.

2) *Respect, collaboration, and trust*

We recognize that the Board of Visitors, administrators, faculty, administrative and professional faculty, staff, undergraduate students, and graduate/professional

students have differing roles, scopes of authority, and accountability; that these differences are necessary and productive; and that a mutuality of respect for each other and our varying roles and responsibilities is essential for good-faith dialogue, collaborative decision-making, and trust in the processes of governance.

3) Clarity of roles and authority

We commit to maintaining a shared understanding of Virginia Tech's system of governance, including clear guidelines for our separate and mutual areas of responsibility for determination, recommendation, and consultation on particular matters, and recognize that the roles and authority of the Board of Visitors, administrators, faculty, staff, and students can vary depending on context and topic.

4) Inclusion and diversity

We believe that a diverse community of people and perspectives is necessary for the creation of effective and equitable policies and procedures and commit to fostering a culture of inclusivity and respect that is reflective of our pluralistic community and strengthens our ability to address historical biases and impediments to equality.

5) Communication and transparency

In order to capture and reflect the scope of opinions across our various constituencies and locations, we expect honest and respectful communication; that every component of governance will maintain clearly defined channels for reciprocal communication within and between constituencies; and that we will reach our decisions in a transparent manner such that the various constituencies are aware of how decisions are made and the rationale for those decisions.

6) Efficiency and effectiveness

We will conduct deliberations and make decisions in a manner that is timely and appropriate to the issue and periodically evaluate the performance of shared governance in order to improve its operation and adapt it to evolving conditions.

7) Accountability

While recognizing that the Board of Visitors and president are legally accountable for the condition and operation of the university, we affirm that when acting as participants in governance we are accountable to each other, as individuals and constituencies, for our statements and decisions; that administrative rejection of shared governance recommendations should be unusual and for compelling reasons that are publicly conveyed and subject to collective response; and that in the rare instances exigent circumstances require university leaders to act outside the structure of shared governance, they will explain the exigent circumstances and discuss the action or actions taken in open forums and in a timely manner.

8) Commitment

We believe that shared governance requires a commitment of goodwill on the part of all participants, the broad recognition of shared governance as an important activity, and sufficient resources for the effective operation of shared governance.

Constitution of the University Council

Article I. Name

The name of the council is the University Council of Virginia Polytechnic Institute and State University, hereafter referred to as the University Council or the Council.

Article II. Purpose

The purpose of the University Council and its internal and related components is to assist the president of the university in formulating and implementing university policy in a manner that attempts to ensure that Virginia Polytechnic Institute and State University always strives effectively toward its goals, which are:

1. To provide an environment conducive to the pursuit of learning, teaching, scholarship, research, and service.
2. To anticipate and meet the educational needs of society in general and the Commonwealth and nation in particular.

The University Council, the senates, and the university and senate commissions constitute the main bodies for policy formation at Virginia Tech. The senate commissions formulate and recommend policies to the senates, which in turn recommend policies to the University Council; the university commissions formulate and recommend policies directly to the University Council. The University Council makes policy recommendations to the president. Final authority rests with the president of the university and the Board of Visitors.

Because the University Council, the senates, the senate and university commissions and the standing committees constitute a legislative system, their charges, memberships, relationships, and the processes they hold in common are defined in the University Council Constitution and Bylaws. All aspects of senates not defined in these documents shall be defined in senate constitutions and bylaws.

In order for this system to function as intended, the roles and authority of its different components as presented in this document must be maintained, and participants in shared governance are expected to adhere to these statements of purpose, function, or charge. Senate and commission charges identify the areas of legislative authority and responsibility for the relevant body. These charges are not exhaustive: when questions arise regarding the relevance of the topic of a resolution to a commission or senate charge, they will be addressed to the parliamentarian, and if necessary, the University Council Cabinet. Per Article III Section 3 of the University Council Bylaws, the University Council Cabinet will review all resolutions for agreement with the commission charge. Determination of the authority of a commission to advance a resolution rests with the University Council Cabinet and the University Council.

Further information about the nature and on-going work of our system of shared governance in all its aspects can be found here: [www.vt.edu/\[xxxxxxx\]](http://www.vt.edu/[xxxxxxx]).

Article III. Functions

The functions of the University Council are:

1. To advise the president on matters of university governance.
2. To accept functions and authority delegated to it by the president.
3. To review and make recommendations on matters of concern to the faculty, staff, A/P faculty, students, and administration, such matters being placed on the University Council agenda in accordance with this constitution and its accompanying bylaws.
4. To refer appropriate matters to the commissions, senates, committees, groups, or individuals for consideration and recommendations.

The University Council can recommend the creation, elimination, or revision of any of its internal or related components. Should a concern arise which calls for the University Council to consider such an action, the matter shall be placed on the Council agenda (in the form of an appropriate resolution) by one of the University Council commissions, senates, or a University Council member. Consideration of such an action shall follow the procedures for amending the constitution and/or bylaws contained in Article XIII of this constitution.

To ensure that constituents can identify their senate representatives, senates will maintain membership rolls that are available on public or secure websites accessible to constituents.

Section 2. Functions

Each senate has a specific area of legislative authority and responsibility as defined below and at least one senate commission assigned to it that is responsible for the crafting of policy recommendations in the form of resolutions. To be advanced as recommendations to the University Council, resolutions of senate commissions must be approved by the appropriate senate under procedures described in Article III of the University Council Bylaws.

In addition to their legislative activities, senates appoint or recommend members to University Council, senate and university commissions, and committees; facilitate the exchange of information between constituencies; provide referral for individual concerns and issues to appropriate organizations or personnel; and accept and share responsibility with the administration, faculty, A/P faculty, staff, and students in all efforts to attain the shared goals of the university.

While senates have the right to consider any matter of general interest to its members and to seek wider discourse on these topics within our system of shared governance, concerns that fall outside of senate or commission purviews as delineated in this constitution may not be advanced as resolutions.

Section 3. Administrative and Professional (A/P) Faculty Senate

The A/P Faculty Senate shall be representative of the A/P faculty as defined in chapter one of the Faculty Handbook and have the authority and responsibility to act on their behalf through legislative recommendations concerning the working

conditions of administrative and professional faculty; procedures for hiring, evaluating, non-reappointing, disciplining, recognizing, and promoting administrative and professional faculty; benefits, educational, and personal leave; extra-university professional activity; and matters of equity and diversity that affect A/P faculty. Article VIII. Commissions

Section 1. Organization

Commissions gather administrators, faculty, A/P faculty, staff, undergraduate

students, and graduate and professional students in relatively small numbers to discuss topics and develop policies in the area defined by the commission charge. Each commission is chaired by a faculty, A/P faculty, staff, undergraduate student, or graduate and professional student member and advised by an *ex officio* administrative faculty member who oversees the unit or office at the core of the commission's charge and provides support and information to guide the commission's work. *Ex officio* and administrative faculty members may not serve as chair of any commission. While the membership of commissions varies in number and mix depending on the charge, all commissions include at least one faculty, A/P faculty, staff, undergraduate student, and graduate and professional student member, making them microcosms of shared governance.

There are two kinds of commissions: senate commissions, which are part of and whose policy recommendations are voted on by senates before advancing to the University Council; and university commissions, which are part of and whose policy recommendations are made directly to the University Council. The charges of all commissions are included in this article. Though senate commissions are part of senates, their charges are maintained within the University Council Constitution and cannot be altered directly by the senates. Memberships of commissions are maintained in the University Council Bylaws.

Section 2. Responsibilities

The senate commissions report to and work with their respective senates in accordance with their respective charges. Chairs of senate commissions shall coordinate their agendas with the appropriate senate and administrative office, and meet with senate leadership on a regular basis according to expectations included in senate bylaws. The university commissions report to the University Council. Chairs of university commissions shall coordinate their agendas with the appropriate administrative unit. In addition to the functions and duties prescribed for each commission in this article, the commissions shall undertake such other functions and duties as may be delegated to them from time to time by their senate, the University Council, the president, or the Board of Visitors.

Section 3. Election or Appointment of Chair

The chairs of senate commissions shall be elected in accordance with the constitution and bylaws of the respective senate, which are subject to the approval requirements of Article XIV of this constitution.

The chairs of the Commission on Equal Opportunity and Diversity and the Commission on Outreach and International Affairs shall be elected from faculty and staff members of the commission by majority vote of the commission membership present and voting.

University Commissions that include vice-chairs shall elect new vice-chairs from among the continuing eligible members as early as possible during the academic year, but no later than the end of October. The vice-chair shall serve as needed during the current year and shall become chair of the commission during the subsequent year. Should the vice-chair be unable to serve as chair in the subsequent year, the commission shall elect a chair from among eligible members.

Commission chairs serve one-year terms beginning July 1 and are eligible for re-election.

Section 4. Voting Privileges

All members of senate and university commissions shall have voting privileges. Commission members who are also members of a senate and/or University Council may vote again in those bodies on resolutions advanced by the commission(s) on which they serve.

Section 5. Term of Membership

Terms of membership of elected representatives on commissions are as follows: except for deans, all non-student members are elected for a term of three years. The number of consecutive terms they may serve is determined by the electing body. Terms are staggered to permit replacement of approximately one-third of the membership each year. Deans are elected by the Council of College Deans and serve for two years. The student representatives serve for terms of one year and are eligible to serve up to three consecutive terms. Elections are effective the first day of July.

Minutes of any University Council Cabinet meetings that were held in the interim since the last University Council meeting will be distributed with the University Council agenda for information. Minutes of University Council and University Council Cabinet meetings will be distributed electronically by the secretary to members of the respective bodies for electronic approval as soon as possible after each meeting; the absence of a response by a member indicates a positive vote. Approved minutes of University Council and University Council Cabinet meetings will be made available to the public on the shared governance website.
3. Any member of the University Council may place an item on the agenda by following the procedures in Section 2(2) above. This procedure provides a means for any group to submit items of urgency directly to the University Council for consideration. However, under normal operating procedures, policy recommendations and decisions are reviewed by the appropriate commissions and senates and then submitted to the University Council for disposition.

Section 3. Commission Procedures

1. Each senate and university commission shall meet regularly during the academic year and at other times as called by the chair.
2. The chair of each commission shall prepare and distribute the agenda to members of the commission one week prior to each meeting. Items to be placed on the agenda shall be sent to the chair at least ten days prior to the meeting date. The chair may appoint or designate a secretary, who may or may not be a member of the commission, to record the minutes (including attendance) of each commission meeting, which will be distributed to all members of the commission for their approval. Approved minutes will be uploaded promptly to the shared governance website and the Secretary of University Council will be notified of this action. The Office of the Vice President for Policy and Governance provides a template for minutes that must be used by all commissions.

Section 4. Committee Procedures

Each university standing committee or *ad hoc* committee meets as frequently as required to fulfill its responsibilities. All standing committees shall prepare minutes of their meetings, as a permanent record of committee activity. Each standing committee will upload its approved minutes to the shared governance website and notify the secretary of the University Council of this action. The secretary of the University Council will notify the body or bodies to which the committee reports that the minutes are available for review.

The Office of the Vice President for Policy and Governance provides a template for minutes that must be used by all committees.

Section 5. Voting on Resolutions and Other Matters

Votes on resolutions in commissions, senates, and the University Council will be by recorded ballot. Unless otherwise specified in a constitution or bylaws, the nature of voting on all other matters shall be determined by the body as a whole and, whenever possible, after taking the advice of the University Council parliamentarian into account.

Article XII. University Mission Initiatives

The university mission initiative process is a means of creating or revising policies, practices, or procedures that have the potential to broadly impact Virginia Tech's educational, research, and/or outreach missions. The process ensures that relevant components of shared governance, especially the senates, have the opportunity to participate in the development of significant changes or additions to the nature of our mission goals or the means by which we achieve them, and that these changes or additions are considered for adoption through the normal legislative process. In accordance with our principles of shared governance, we recognize that democratic participation and legislative review increase the effectiveness of the changes or additions and foster joint effort on matters that concern the university community as a whole. Work undertaken through this process shall be referred to as a university mission initiative.

The university mission initiative process is appropriate for changes or additions that fall within the scope of the University Council as described in Article II of this constitution; require the engagement of multiple constituencies and the formative efforts of a committee whose membership and charge goes beyond the scope of any one council, senate, commission, or committee; and demonstrably advance the ability to fulfill the mission statement of Virginia Tech. One example of a UMI would be a comprehensive revision of the shared governance system.

University mission initiatives may have operational and financial impacts that must be presented to the administration for consideration well prior to the University Council's consideration of university mission initiative resolutions. Resolutions in support of university mission initiatives require a quorum and the approval of the majority of members of the Council present and voting.

For university mission initiatives that originate with the Board of Visitors or president, if the resulting resolution is not supported by the majority of the University Council members present and voting, provided that a quorum has been reached, the resolution will be referred back to the university mission initiative committee for review and revision in an effort to reconcile differences. Should this process result in a revised resolution, it will be submitted for reconsideration by the University Council. Should the president decide to proceed with implementation of the university mission initiative without University Council approval of the applicable resolution, a record of the University Council vote will be appended to the resolution if it is submitted to the Board of Visitors for subsequent approval.

For guidelines on university mission initiatives, see Article IV of the bylaws.

Article XIII. Amendments to the University Council Constitution or Bylaws

Section 1. Notice of Proposal

Notice of proposal to amend the constitution or bylaws shall be given in the University Council agenda and considered at no fewer than two meetings of the University Council prior to voting. The proposed amendments shall be distributed with the agenda.

Section 2. Approval of Amendments to the Constitution

Except in the case where adoption of a different parliamentary authority is proposed, an amendment to the University Council Constitution becomes effective upon the following sequence of actions:

- a. *Approval by the University Council:* A two-thirds affirmative vote of members of the Council present and voting, provided that a quorum has been reached.
- b. *Ratification by the senates:* Ratification by two-thirds of the senates (or the nearest whole number equivalent), achieved by an affirmative vote of the majority of the respective senate's senators present and voting, provided that a quorum has been reached. Senates may comment on the proposed changes but must vote on the resolution as approved by the University Council.
- c. *Approval by the president.*
- d. *Approval by the Board of Visitors.*

Section 3. Approval of Amendments to the Bylaws

An amendment to the University Council Bylaws becomes effective upon an affirmative vote of the majority of the Council members present and voting, provided that a quorum has been reached, and approval by the president.

Section 4. Alternate Parliamentary Authority

A change in parliamentary authority or set of guidelines (other than Robert's Rules of Order) may be adopted at the University Council's first meeting of the academic year by a two-thirds affirmative vote of the council members present and voting, provided that a quorum has been reached, and will stay in effect until changed. Mid-year changes are not allowed. Approvals by the senates, the president, and the Board of Visitors are not required in this case.

Article XIV. Amendments to Senate Constitutions or Bylaws

Section 1. Development

Amendments to a senate's constitution and/or bylaws may be developed by whatever means are appropriate for that senate. Amendments to senate constitutions require a resolution; amendments to senate bylaws do not.

Section 2. Notice of Proposal

Notice of proposal to amend a senate's constitution and/or bylaws shall be given in the senate agenda and considered at no fewer than two meetings of the senate prior to voting. A vote may be taken on an amendment at the second meeting. The proposed amendment shall be distributed with the agenda.

Section 3. Approval of Amendments to Senate Constitutions

Amendments to senate constitutions become effective upon the following sequence of actions:

- a. An affirmative majority vote by the senate commission.
- b. An affirmative vote of two-thirds (2/3) of the senators present and voting, provided that a quorum has been reached.
- c. An affirmative vote in the University Council of the majority of members present and voting, provided that a quorum has been reached.
- d. Approval by the president of the university.

Section 4. Approval of Amendments to Senate Bylaws

Amendments to senate bylaws become effective upon an affirmative vote of the majority of senators present and voting, provided that a quorum has been reached, and requires no further approval.

Bylaws of the University Council

Article I. Meetings of the University Council

1. Regular meetings of the University Council shall be held on the first and third Mondays of each month from the opening of the Fall Semester until the end of the academic year in May. The chair may cancel or postpone regular meetings for cause.
2. Special meetings of the University Council may be called by the chair.
3. Prior to the initial Council meeting of each semester, the president will convene a meeting of the University Council Cabinet, commission chairs, and commission advisors to exchange information on issues and action items that are pending or foreseen in the coming semester.
4. Information gathered in the semester meetings (see above) will be communicated to Council members at the first meeting of the semester. At that time, each senate president and university commission chair will be asked to elaborate, if desired, on the information about that commission's agenda, and to provide clarification where necessary.
5. The secretary of the University Council shall distribute commission minutes to all members of the University Council for routine review. Commission minutes will be added to the University Council agenda for acceptance by the Council.
6. Quorum is defined as fifty percent plus one of the total membership of the University Council, excluding non-voting members and vacant positions. A quorum must be present at the actual time of any vote. In the absence of a quorum, a meeting can be held but no votes taken or decisions reached, except votes on motions to obtain a quorum or to adjourn the meeting. This definition of a quorum will be applied to all bodies within the Virginia Tech system of shared governance.

Article II. Meetings of the University Council Cabinet

1. Regular meetings of the University Council Cabinet shall be held on the second and fourth Mondays of each month from the opening of the Fall Semester until the end of the academic year in May. The chairs may cancel or postpone regular meetings for cause.

Article III. Policy Review and Recommendation Process

Section 1. Overview

Participants in shared governance make policy recommendations to the president and/or the Board of Visitors by means of resolutions. Resolutions originate in senate commissions, university commissions, or the University Council, either on the initiative of these bodies or by working with the respective senates, the president, or the Board of Visitors, and follow a standard format that includes sufficient information and background upon which to base subsequent debate of the issues involved, along with any accompanying explanation or annotation. Senates and committees may author resolutions for consideration by a commission, but may not advance resolutions directly to the University Council.

In all commissions, senates, and the University Council, resolutions receive two readings, typically at consecutive meetings. First reading opens the resolution for discussion and debate and second reading provides an opportunity for further discussion and to vote on the resolution. In all instances, resolutions are advanced by an affirmative vote of a simple majority of members present and voting, provided that a quorum has been reached, except for revisions to senate or University Council constitutions as defined in Articles XIII and XIV of the constitution. The consideration of resolutions may also be deferred, and resolutions may be referred to the originating body for additional work, according to guidelines in Sections 5 and 6 of this article.

In developing a new or revised policy, each commission shall seek advice and counsel from outside the commission as appropriate to the topic and work with the Office of the Vice President for Policy and Governance to keep relevant participants in shared governance informed of policies as they develop.

It is the responsibility of commission members, particularly the commission chair, to keep affiliated governance bodies and constituencies informed of the commission's work and to afford the opportunity for consultative referral, mainly by means of their cross-representational affiliations and the posting of commission minutes.

Though joint resolutions between commissions of different senates are allowed, given the complexity of the approval process in these situations, this approach should be reserved for university mission initiatives that substantially impact multiple constituencies. The need for a joint resolution between commissions of different senates must be considered and approved by the University Council Cabinet prior to undertaking this action. If approved, one commission is designated as the primary sponsor and author of the resolution, and that commission chair is responsible, along with the Office of the Vice President for Policy and Governance, for monitoring the progress of the resolution through governance.

Sponsors of resolutions that have budgetary impact(s) must work with the appropriate administrators to make an estimate of cost, and add that information to the resolution before the final commission vote, including the source of the estimate. The estimate of cost does not need to be finalized but should represent a good-faith effort to "ballpark" the budgetary impact(s).

All resolutions will follow the formatting template provided by the Office of Vice President for Policy and Governance.

Section 2. Communication

The secretary of the University Council will notify senate presidents and the University Council Cabinet three times about the status of all resolutions: the “Draft Notice,” after a resolution has been drafted and uploaded; the “First Reading Notice,” after a resolution has been revised based on the commission discussion at first reading; and the “Second Reading Notice,” after a resolution has been approved or disapproved by the commission. For resolutions from Senate Commissions, a fourth notice, the “Senate Vote Notice,” will be sent to the presidents of the other senates and members of the University Council Cabinet to inform them of the result of the vote. Commission chairs should try to schedule two weeks between the “Draft Notice” and the first reading of a resolution.

Section 3. University Council Cabinet Evaluation of Resolutions for Adherence to Commission Charges

Upon receipt of a “Draft Notice,” the University Council Cabinet will review each resolution for agreement with the appropriate commission charge. If the University Council Cabinet determines that a resolution does not fall within the purview of a commission, senate leadership and/or commission chairs can present the resolution to the University Council to determine if the resolution is appropriate for the commission charge. A two-thirds affirmative vote of members of the Council present and voting, provided that a quorum has been reached, is required to reverse the decision of the University Council Cabinet.

Section 4. Policy Review Process

The majority of resolutions originate in senate commissions and advance through four stages: from the originating commission to the appropriate senate; from the senate to the University Council; from the University Council to the president; and from the president to the Board of Visitors. Exceptions include university commission resolutions, which do not require senate approval; University Council resolutions, which do not require the input or approval of a commission or senate (except for changes to the University Council Constitution); and resolutions that do not require approval by the Board of Visitors.

- a. Once a resolution is ready for review by a commission, the commission chair shall upload the resolution into the shared governance workflow management system and notify the secretary of the University Council that they have done so.
- b. For commissions, senates, and the University Council, the review process is as follows:
 1. A resolution is placed on a meeting agenda under “New Business” and marked “First Reading.”
 2. The body may discuss but shall take no action on a resolution at first reading, unless by consent of two-thirds of the members present and voting, provided that a quorum has been reached.
 3. Deferral or referral requests may be made at the time of first reading (see Sections 5 and 6 of this article).
 4. At the next succeeding meeting, the resolution shall appear on the agenda under “Unfinished Business” and marked “Second Reading.” Deferred resolutions will also be listed with the date of the “First Reading” indicated as well as its deferral status. A deferral request may also be made at that

second reading, but only one deferral is allowed. A referral may also be requested at that time. If no deferral or referral is requested, the body shall vote on the resolution at that meeting.

- c. Resolutions being developed by senate commissions shall be considered roughly concurrently by the senate to which the commission is assigned. Whenever possible, within a week of the first or second senate commission reading, a resolution will have a first or second reading in its senate.
- d. Simple resolutions may be presented for first or second readings via inclusion on a consent agenda, and more complicated resolutions discussed and voted on as individual agenda items. Senate leadership will work with senate commission chairs to make these determinations for senates, and the University Council Cabinet will make these decisions for the University Council. At the request of any senator or member of the University Council, a resolution will be removed from the consent agenda and discussed or voted on by the body.
- e. Resolutions approved by senates or university commissions shall be placed on the University Council agenda on a schedule determined by the University Council Cabinet and sent to all members of the University Council, the editors of the student newspaper, and senate presidents. This distribution is to serve as official notification of the proposed policy consideration, not just for individual members, but for all offices and governance bodies represented on University Council. In the week prior to and on the day of each University Council meeting, the secretary of the University Council sends out a campus notice about the resolutions to be considered at that meeting.
- f. A policy resolution cannot be placed on the University Council agenda for first reading at the end of the academic year unless there are at least two meetings at which it can be considered. Otherwise, the first reading by the University Council must be delayed until the start of a new academic year. The University Council may approve a request for first reading and action on a resolution at its last meeting of the academic year by an affirmative vote of two-thirds of the membership present and voting, provided that a quorum has been reached (see b. above).

Section 5. Deferral

Deferral requests may be made by any member of the body at the time of first or second reading to allow time to resolve any material issues. A deferral lasts for a maximum of six weeks after the date of first reading or until the end of the academic year, whichever is the shortest period, but may be ended prior to that time if the reason for the deferral is resolved. While no formal vote is required to grant a deferral, the request may be denied if a vote is called and two-thirds of the membership present and voting agree to deny the request. The resolution, with date of first reading, will continue to appear on the commission, senate, or University Council agenda throughout the period of deferral.

At each level of approval (commission, senate, University Council), a resolution can be deferred only once. However, a resolution may be deferred at multiple levels of the approval

process. For example, a resolution deferred by a senate may also be deferred when it reaches the University Council.

During the deferral period, members of the body (either a commission, senate, or the University Council) may forward recommendations relating to the resolution to the commission chair, appropriate senate officer, or the secretary of the University Council, as appropriate, and those recommendations will be distributed to members of the body with the agenda for the next succeeding meeting.

At the next succeeding meeting of the body, the resolution shall appear on the agenda under “Unfinished Business” and marked “Second Reading,” with the date of the “First Reading” indicated as well as its deferral status. Deferral requests may also be made at this time (i.e., second reading), as long as the resolution was not already deferred at the time of first reading. If no deferral is requested, the body shall vote on the resolution at that meeting.

At the end of six weeks after the date of first reading, the deferral period ends and the resolution is placed on the agenda of the deferring body under “Unfinished Business.” Subsequent actions for a senate or University Council are approval or disapproval.

Section 6. Referral

In senates, at the time of a first reading, a senate may refer a resolution to the commission for simple editorial changes provided that the commission chair approves of this action. The edited resolution will be placed on the agenda of the next senate meeting under “Unfinished Business.”

In the University Council, at the time of a first reading, the Council may refer a resolution to the secretary for simple editorial changes provided that the originating commission chair or the president of the appropriate senate approves of this action. The edited resolution will be placed on the agenda of the next council meeting under “Unfinished Business.”

If more substantial revisions are requested by a senate or the University Council, the resolution is returned to the originating commission for consideration of the proposed changes. With resolutions from senate commissions, this may require a new vote by the appropriate senate. The need for a new vote will be determined by the senate leadership in consultation with the senate commission chair and the University Council Cabinet. The resolution will be considered a “new” resolution when it is resubmitted for Council consideration. That is, it will be placed on the agenda marked “First Reading” as in Section 4 above, and is subject to deferral.

Section 7. Senate Comments on Resolutions

Senates have the right to issue recommendations on all resolutions; can offer comments as soon as the “Draft Notice” is received; and have until one week after a commission approves a resolution to submit recommendations. However, as a practical matter, only recommendations received after the “Draft” and “First Reading” notices are likely to impact commission discussions or the nature of the resolution.

Senate recommendations are uploaded into the shared governance workflow management system. Senate recommendations are appended to the resolution and not subject to revision or amendment by any commission, senate, or the University Council.

Senates can waive their right to offer recommendations on a resolution. Waivers may be conditional or unconditional and may be issued at any time during the discussion of the resolution by the commission. Failure of a senate to offer recommendations or to waive its right to do so will not delay a resolution from progressing to the appropriate senate or the University Council. Resolutions will include a standard response sheet maintained by the Office of the Vice President for Policy and Governance that indicates whether each senate has commented, waived its right to comment, or not responded. The process by which the senates comment on resolutions will be maintained in their bylaws.

Article IV. University Mission Initiative Guidelines

1. The purpose of university mission initiatives is defined in Article XII of the University Council Constitution.
2. University mission initiatives originate in one of two ways:
 - a. If the Board of Visitors or president conclude that changes or additions of the scope and nature outlined in Article XII of the constitution would benefit the university, a university mission initiative committee is formed as outlined below.
 - b. If changes or additions of the scope and nature outlined in Article XII of the constitution are suggested by other participants in shared governance, a resolution may be drafted to treat the changes or additions as a university mission initiative. This originating resolution must be approved by the University Council and the president, does not require the approval of the Board of Visitors, and is only a commitment to form the university mission initiative committee. It is expected that ideas for university mission initiatives will be sufficiently detailed to allow the University Council Cabinet to understand clearly their strategic relevance, operations, expected outcomes, assessment methodology, potential expense, and project duration before an originating resolution is considered by the University Council.
3. The work on a university mission initiative is conducted and/or steered by a committee formed for this purpose. The University Council Cabinet, along with the sponsors of university mission initiatives, determine the chair(s) of the committee, outline its charge, and empanel the committee with appropriate representation from the administration, senates, and relevant caucuses in numbers relative to the nature of the changes or additions. Representatives are selected by their respective senates or caucuses from among the members of their respective constituent groups (i.e., a representative is not required to be a senator). At a minimum, all senates will have the opportunity to place at least one representative on a university mission initiative

committee, though they are not obligated to do so. University mission initiative committees have the authority to form secondary committees and work groups that report to and take direction from the university mission initiative committee.

4. University mission initiatives will generally move through three phases: development, adaptation, and approval.

University mission initiative committees at the developmental phase are expected to be small and to advance the committee charge with a high-degree of independence from senates and administrative offices. The chair(s) of a university mission initiative committee, largely at times of their choosing, will periodically update and receive input from the University Council and senates on the committee's progress, and other members will periodically update their constituencies and receive input from them as well. Through an iterative process of development and response, a university mission initiative proposal is advanced until the University Council Cabinet deems that it is sufficiently defined and supported to enter the adaptation phase.

At this time, the University Council Cabinet may add members to the original committee, with the understanding that the goal is not to fundamentally change a university mission initiative proposal but instead to review, critique and adapt it within the broad limits of the original proposal in an attempt to improve it, achieve a consensus of support across relevant university constituencies, and ensure that it is well aligned with the university's strategic plan. During this phase, the University Council Cabinet may determine that the proposal would benefit from gaining approval first as an outline or framework, with the entirety of the work being completed only after the general nature, scope, and benefits of the proposed changes or additions have been recognized and approved by the president, and if appropriate, the Board of Visitors.

During the approval phase, the University Council Cabinet works with the university mission initiative committee, senate leaders, and commission chairs to advance the university mission initiative proposal through governance. Depending on the extent of the changes or additions, the work product of a university mission initiative committee will be taken through governance in one or several resolutions. (These are in addition to an originating resolution, if required.) In all cases, the University Council Cabinet determines how best to advance the work of university mission initiative committees through governance, including what resolutions are required and which commissions will sponsor them, since university mission initiative committees cannot introduce resolutions directly, and provides ongoing guidance on governance processes and requirements.

5. When deemed appropriate by the University Council Cabinet and in accordance with our principles of shared governance, the university mission initiative processes for

committee formation and proposal development may be applied to work that will not be taken through governance, such as the strategic plan.

Article V. Leadership Transitions of Senates, Commissions, and Committees

To facilitate the smooth transition of shared governance leadership, the procedures and practices of each senate and its commission(s) that are not described in the University Council Constitution and Bylaws or a senate's constitution and bylaws will be maintained by each senate in a document or documents and presented to each new senate president.

Among other topics, the documentation should include a method for the transition of the senate officers and the chairs of all related bodies, such as commissions and committees; a process for the transition and safekeeping of the body's archival records; meeting procedures for the senate and its related bodies; and responsibilities and expectations for senators, senate officers, and commission or committee chairs.

Additionally, current and incoming senate officers, commission chairs, and commission advisors are expected to review all resolutions, policy work, or topics currently being considered or developed by the senate and/or its commission(s), with the goal of maintaining legislative effort from year to year.

The Office of the Vice President for Policy and Governance will review the procedures for university commissions and standing committees with new commission and committee chairs, and can provide senate presidents a set of best practices for senate, commission, and committee operations.

Article VI. Review of the State of Shared Governance

Every three years, the Office of the Vice President for Policy and Governance will schedule a "state of shared governance" meeting for the University Council Cabinet. The meeting will provide cabinet members an opportunity to review the operation of shared governance and should occur in the spring semester. Depending on the outcome of that meeting, the cabinet will make no recommendations for changes to shared governance; recommend a set of changes; or recommend further examination of the state of shared governance by an existing body or an ad hoc work group. As part of this review, the cabinet will evaluate the representation within the University Council and the senates of the caucuses and other diversity groups that are members of the Commission on Equal Opportunity and Diversity, and make recommendations on the extent and/or nature of that representation.

The cabinet will present a statement to the University Council that summarizes its views and recommendations. The Council will discuss this statement; approve, disapprove, or modify its recommendations; and select the appropriate commission(s) to advance any recommendations it approves. Should the Council determine that further examination of

the state of shared governance is warranted, it will assign this work to an existing body or ad hoc group. The report of that group will first be presented to the UCC, after which the report and the cabinet's response to it will be presented to the Council for review and possible action.

(Last updated June 1, 2021)

**Published by the University Council of Virginia
Tech**

Date of edit: 5/19/22

Preamble

With the passage of Morrill Act by Congress in July, 1862 and subsequent action of the Virginia Legislature in 1864, 1872, ~~and~~ 1944, and 1970, Virginia Polytechnic Institute and State University was created as a land-grant university and has been charged and developed with the responsibility to serve the citizens of Virginia and ~~the nation beyond.~~

BELIEVING that the fundamental goal of this land-grant university is to serve as a dynamic force in society by providing both a reservoir of knowledge and a stimulating academic atmosphere for the transmittal and application of that knowledge; and further believing that the establishment of these conditions encourages the discovery of new principles and truths and the development of an appreciation of human values; and

BELIEVING that the attainment of the objective requires mutual understanding and joint effort of the governing board, administration, faculty, ~~aA/Pp~~ faculty, staff, and students; and

BELIEVING that a university functions most effectively under orderly but flexible and adaptive processes of administration and government:

Virginia Polytechnic Institute and State University does hereby enact a ~~Constitution~~ constitution and ~~Bylaws~~ bylaws for the University Council and its internal and related components, with the approval of the ~~President~~ president of the ~~University~~ university and the Board of Visitors, and in accordance with the “Virginia Tech Principles of Shared Governance.”~~by whom authority is delegated.~~

Preface

~~With the passage of Morrill Act by Congress in July, 1862 and subsequent action of the Virginia Legislature in 1864, 1872, and 1944, Virginia Polytechnic Institute and State University was created and has been developed as a university charged with the responsibility to serve the citizens of Virginia and the nation.~~

~~Recognizing the complexity of university governance and acknowledging the need for faculty, staff, and student participation in the conduct of university affairs, the University Council, University Commissions, University Advisory Councils, and University Standing Committees provide an organizational structure through which faculty, salaried staff, student, and administrative responsibilities are shared and fulfilled.~~

~~The University Council and the University Commissions constitute the main resident bodies for policy formulation. Their memberships include representation from Administration, Faculty Senate, Staff Senate, College Faculty Associations, Administrative and Professional Faculty Senate, Graduate and Professional Student Senate, Undergraduate Student Senate, and representatives from other interest groups where appropriate. The University Commissions formulate and recommend policies to the University Council, which in turn makes recommendations to the President of the University. Final authority rests with the President of the University and the Board of Visitors.~~

~~The Constitutions and Bylaws of the Faculty Senate, Administrative and Professional Faculty Senate, Staff Senate, Graduate and Professional Student Senate, and Undergraduate Student Senate are presented in separate publications. Persons concerned with the governance of the University are encouraged to consult the constitutions and bylaws of these organizations.~~

Virginia Tech Principles of Shared Governance

Shared governance is the process by which the university community shares responsibility for reaching collective decisions on matters of policy and procedure. We believe that shared governance is essential to Virginia Tech's mission as "an inclusive community of knowledge, discovery, and creativity dedicated to improving the quality of life and the human condition within the Commonwealth of Virginia and throughout the world." We further believe that shared governance is the means by which we organize the components of the university into an interdependent whole; that collaborative decision-making is the foundation of strategic and coordinated effort; and that shared governance should operate within the framework of the following principles at every level of Virginia Tech's various locations:

1) Democratic processes

We will employ democratic processes, including the use of representative bodies, to ensure that the views of all constituencies are reflected in our decisions and to increase the likelihood that a course of action will be broadly supported and implemented. All revisions to and the creation of new academic initiatives, policies, and programs will be carried out within our formal system of governance.

2) Respect, collaboration, and trust

We recognize that the Board of Visitors, administrators, faculty, administrative and professional faculty, staff, undergraduate students, and graduate/professional students have differing roles, scopes of authority, and accountability; that these differences are necessary and productive; and that a mutuality of respect for each other and our varying roles and responsibilities is essential for good-faith dialogue, collaborative decision-making, and trust in the processes of governance.

3) Clarity of roles and authority

We commit to maintaining a shared understanding of Virginia Tech's system of governance, including clear guidelines for our separate and mutual areas of responsibility for determination, recommendation, and consultation on particular matters, and recognize that the roles and authority of the Board of Visitors, administrators, faculty, staff, and students can vary depending on context and topic.

4) Inclusion and diversity

We believe that a diverse community of people and perspectives is necessary for the creation of effective and equitable policies and procedures and commit to fostering a culture of inclusivity and respect that is reflective of our pluralistic community and strengthens our ability to address historical biases and impediments to equality.

5) Communication and transparency

In order to capture and reflect the scope of opinions across our various constituencies and locations, we expect honest and respectful communication; that every component of

governance will maintain clearly defined channels for reciprocal communication within and between constituencies; and that we will reach our decisions in a transparent manner such that the various constituencies are aware of how decisions are made and the rationale for those decisions.

6) *Efficiency and effectiveness*

We will conduct deliberations and make decisions in a manner that is timely and appropriate to the issue and periodically evaluate the performance of shared governance in order to improve its operation and adapt it to evolving conditions.

7) *Accountability*

While recognizing that the Board of Visitors and president are legally accountable for the condition and operation of the university, we affirm that when acting as participants in governance we are accountable to each other, as individuals and constituencies, for our statements and decisions; that administrative rejection of shared governance recommendations should be unusual and for compelling reasons that are publicly conveyed and subject to collective response; and that in the rare instances exigent circumstances require university leaders to act outside the structure of shared governance, they will explain the exigent circumstances and discuss the action or actions taken in open forums and in a timely manner.

8) *Commitment*

We believe that shared governance requires a commitment of goodwill on the part of all participants, the broad recognition of shared governance as an important activity, and sufficient resources for the effective operation of shared governance.

Constitution of the University Council

Article I. Name

The name of the council is the University Council of Virginia Polytechnic Institute and State University, hereafter referred to as the University Council or the Council.

Article II. Purpose

The purpose of the University Council and its internal and related components is to assist the pPresident of the uUniversity in formulating and implementing university policy in a manner which that attempts to ensure that Virginia Polytechnic Institute and State University always strives effectively toward its goals, which are:

1. To provide an environment conducive to the pursuit of learning, teaching, scholarship, research, and service.
2. To anticipate and meet the educational needs of society in general and the Commonwealth and nation in particular.

The University Council, the senates, and the university and senate commissions constitute the main bodies for policy formation at Virginia Tech. The senate commissions formulate and recommend policies to the senates, which in turn recommend policies to the University Council; the university commissions formulate and recommend policies directly to the University Council. The University Council makes policy recommendations to the president. Final authority rests with the president of the university and the Board of Visitors.

Because the University Council, the senates, the senate and university commissions and the standing committees constitute a legislative system, their charges, memberships, relationships, and the processes they hold in common are defined in the University Council Constitution and Bylaws. All aspects of senates not defined in these documents shall be defined in senate constitutions and bylaws.

In order for this system to function as intended, the roles and authority of its different components as presented in this document must be maintained, and participants in shared governance are expected to adhere to these statements of purpose, function, or charge. Senate and commission charges identify the areas of legislative authority and responsibility for the relevant body. These charges are not exhaustive: when questions arise regarding the relevance of the topic of a resolution to a commission or senate charge, they will be addressed to the parliamentarian, and if necessary, the University Council Cabinet. Per Article III Section 3 of the University Council Bylaws, the University Council Cabinet will review all resolutions for agreement with the commission charge. Determination of the authority of a commission to advance a resolution rests with the University Council Cabinet and the University Council.

Further information about the nature and on-going work of our system of shared governance in all its aspects can be found here: [www.vt.edu/\[xxxxxxx\]](http://www.vt.edu/[xxxxxxx]).

Article III. Functions

The functions of the University Council are:

1. To advise the ~~pPresident of the University~~ on matters of university governance.
2. To accept functions and authority delegated to it by the ~~pPresident of the University~~.
3. To review and make recommendations on matters of concern to the faculty, staff, A/P faculty, students, and administration, such matters being placed on the University Council agenda ~~by any Council member~~ in accordance with this ~~cConstitution~~ and its accompanying ~~bBylaws~~.
4. To refer appropriate matters to the commissions, ~~advisory councils~~, senates, committees, groups, or individuals for consideration and recommendations.

The University Council can recommend the creation, ~~of new Committees, the deletion of existing Committees, or changes in Committee chairpersonship, composition, or function~~ elimination, or revision of any of its internal or related components. Should a concern arise which calls for the University Council to consider such an action, the matter shall be placed on the Council agenda (in the form of an appropriate ~~Resolution~~ resolution) by one of the University Council ~~C~~commissions, ~~Advisory Councils~~, ~~or~~ senates, or ~~by~~ a University Council member. The Office of the Vice President for Policy and Governance provides a template for minutes that must be used by all committees.

Section 5. Voting on Resolutions and Other Matters

Votes on resolutions in commissions, senates, and the University Council will be by recorded ballot. Unless otherwise specified in a constitution or bylaws, the nature of voting on all other matters shall be determined by the body as a whole and, whenever possible, after taking the advice of the University Council parliamentarian into account.

Article XII. University Mission Initiatives

The university mission initiative process is a means of creating or revising policies, practices, or procedures that have the potential to broadly impact Virginia Tech's educational, research, and/or outreach missions. The process ensures that relevant components of shared governance, especially the senates, have the opportunity to participate in the development of significant changes or additions to the nature of our mission goals or the means by which we achieve them, and that these changes or additions are considered for adoption through the normal legislative process. In accordance with our principles of shared governance, we recognize that democratic participation and legislative review increase the effectiveness of the changes or additions and foster joint effort on matters that concern the university community as a whole. Work undertaken through this process shall be referred to as a university mission initiative.

The university mission initiative process is appropriate for changes or additions that fall within the scope of the University Council as described in Article II of this constitution; require the engagement of multiple constituencies and the formative efforts of a committee whose membership and charge goes beyond the scope of any one council, senate, commission, or committee; and demonstrably advance the ability to fulfill the mission statement of Virginia Tech. One example of a UMI would be a comprehensive revision of the shared governance system.

University mission initiatives may have operational and financial impacts that must be presented to the administration for consideration well prior to the University Council's consideration of university mission initiative resolutions. Resolutions in support of university mission initiatives require a quorum and the approval of the majority of members of the Council present and voting.

For university mission initiatives that originate with the Board of Visitors or president, if the resulting resolution is not supported by the majority of the University Council members present and voting, provided that a quorum has been reached, the resolution will be referred back to the university mission initiative committee for review and revision in an effort to reconcile differences. Should this process result in a revised resolution, it will be submitted for reconsideration by the University Council. Should the

president decide to proceed with implementation of the university mission initiative without University Council approval of the applicable resolution, a record of the University Council vote will be appended to the resolution if it is submitted to the Board of Visitors for subsequent approval.

For guidelines on university mission initiatives, see Article IV of the bylaws.

Article XIII. Amendments to the University Council Constitution or Bylaws

Section 1. Notice of Proposal

Notice of proposal to amend the cConstitution or bylaws shall be given in the University Council agenda and considered at no fewer than two meetings of the University Council prior to voting. The proposed amendments shall be distributed with the agenda. A two-thirds affirmative vote of all members of the Council is required for approval.

Section 2. ~~Ratification and~~ Approval of Amendments to the Constitution

Except in the case where adoption of a different parliamentary authority is proposed, an amendment to the University Council Constitution becomes effective upon the following sequence of actions:

- a. Approval by the University Council: ~~a~~A two-thirds affirmative vote of members of the Council present and voting, provided that a quorum has been reached.
- b. Ratification by the senates: Ratification by two-thirds of the senates (or the nearest whole number equivalent), achieved by ~~a~~an affirmative vote of the majority of the respective senate's senators present and voting, provided that a quorum has been reached. Mid-year changes are not allowed. Approvals by the Faculty and Staff, Senates, the president, and the Board of Visitors are not required in this case. (~~Last updated June 7, 2004 — BOV approved~~)

~~Section 3. Amendments to the Bylaws~~

Article XIV. Amendments to Senate Constitutions ~~and~~or Bylaws

Bylaws of the University Council

Article I. Meetings of the University Council

1. Regular meetings of the University Council shall be held on the first and third Mondays of each month from the opening of the Fall Semester until the end of the academic year in May. The [Chairperson-chair](#) may cancel or postpone regular meetings for cause.
2. Special meetings of the University Council may be called by the [Chairpersonchair](#).
3. Prior to the initial Council meeting of each semester, the [pPresident will convene a meeting of the, the eExecutive vVice pPresident and pProvost, the sSenior vVice pPresident and eChief bBusiness oOfficer, and the vVice pPresident for pPolicy and gGovernance, will convene senate presidents and University Council Cabinet, commissionthe chairs, and commission advisors of the commissions](#) to exchange information on issues and action items that are pending or foreseen in the coming semester.
4. Information gathered in the semester meetings ~~of commission chairs(see above)~~ will be communicated to Council members at the first meeting of the semester. At that time, each [senate president and university commission](#) chair will be asked to elaborate, if desired, on the information about that commission's agenda, and to provide clarification where necessary.
5. The secretary of the University Council shall distribute commission minutes to all members of the University Council for routine review. Commission minutes will be added to the University Council agenda for acceptance by the Council.
- ~~4.6. Quorum is defined as fifty percent plus one of the total membership of the University Council, excluding non-voting members and vacant positions. A quorum must be present at the actual time of any vote. In the absence of a quorum, a meeting can be held but no votes taken or decisions reached, except votes on motions to obtain a quorum or to adjourn the meeting. This definition of a quorum will be applied to all bodies within the Virginia Tech system of shared governance.~~
- ~~5. MORE to come. As each semester begins, the Council secretary will solicit suggestions for issues of general concern appropriate to presentation or group discussion, and will further conduct a poll to determine priority of interest. These topics will then be addressed as time allows following each of the semester's Council meetings.~~
- ~~6. At each subsequent meeting of Council, prior to the approval of each commission's minutes, the relevant chair shall be free to highlight selectively and to elaborate upon~~

~~particular issues of concern to that commission; Council chair will periodically remind commission chairs of this option.~~

~~The status of all resolutions will be maintained on a University Council webpage, to be developed and maintained by Council secretary, to allow members of the university community to monitor the status of a given proposal through committees, commissions, and Council. Each commission chair will be responsible for providing such information to the University Council webpage operator for posting.~~

~~(Last updated January 2008 & July 25, 2018)~~

Article II. Meetings of the University Council Cabinet

1. Regular meetings of the University Council Cabinet shall be held on the second and fourth Mondays of each month from the opening of the Fall Semester until the end of the academic year in May. The chairs may cancel or postpone regular meetings for cause.

Article III. Policy ~~and Program~~ Review and ~~Approval~~ Recommendation Process

Section 1. Overview

Participants in shared governance make policy recommendations to the president and/or the Board of Visitors by means of resolutions. Resolutions originate in senate commissions, university commissions, or the University Council, either on the initiative of these bodies or by working with the respective senates, the president, or the Board of Visitors, and follow a standard format that includes sufficient information and background upon which to base subsequent debate of the issues involved, along with any accompanying explanation or annotation. Senates and committees may author resolutions for consideration by a commission, but may not advance resolutions directly to the University Council.

In all commissions, senates, and the University Council, resolutions receive two readings, typically at consecutive meetings. First reading opens the resolution for discussion and debate and second reading provides an opportunity for further discussion and to vote on the resolution. In all instances, resolutions are advanced by an affirmative vote of a simple majority of members present and voting, provided that a quorum has been reached, except for revisions to senate or University Council constitutions as defined in Articles XIII and XIV of the constitution. The consideration of resolutions may also be deferred, and resolutions may be referred to the originating body for additional work, according to guidelines in Sections 5 and 6 of this article.

In developing a new or revised policy, each commission shall seek advice and counsel from outside the commission as appropriate to the topic and work with the Office of the Vice President for Policy and Governance to keep relevant participants in shared governance informed of policies as they develop.

It is the responsibility of commission members, particularly the commission chair, to keep affiliated governance bodies and constituencies informed of the commission's work and to

afford the opportunity for consultative referral, mainly by means of their cross-representational affiliations and the posting of commission minutes.

Though joint resolutions between commissions of different senates are allowed, given the complexity of the approval process in these situations, this approach should be reserved for university mission initiatives that substantially impact multiple constituencies. The need for a joint resolution between commissions of different senates must be considered and approved by the University Council Cabinet prior to undertaking this action. If approved, one commission is designated as the primary sponsor and author of the resolution, and that commission chair is responsible, along with the Office of the Vice President for Policy and Governance, for monitoring the progress of the resolution through governance.

Sponsors of resolutions that have budgetary impact(s) must work with the appropriate administrators to make an estimate of cost, and add that information to the resolution before the final commission vote, including the source of the estimate. The estimate of cost does not need to be finalized but should represent a good-faith effort to “ballpark” the budgetary impact(s).

All resolutions will follow the formatting template provided by the Office of Vice President for Policy and Governance.

Section 2. Communication

The secretary of the University Council will notify senate presidents and the University Council Cabinet three times about the status of all resolutions: the “Draft Notice,” after a resolution has been drafted and uploaded; the “First Reading Notice,” after a resolution has been revised based on the commission discussion at first reading; and the “Second Reading Notice,” after a resolution has been approved or disapproved by the commission. For resolutions from Senate Commissions, a fourth notice, the “Senate Vote Notice,” will be sent to the presidents of the other senates and members of the University Council Cabinet to inform them of the result of the vote. Commission chairs should try to schedule two weeks between the “Draft Notice” and the first reading of a resolution.

Section 3. University Council Cabinet Evaluation of Resolutions for Adherence to Commission Charges

Upon receipt of a “Draft Notice,” the University Council Cabinet will review each resolution for agreement with the appropriate commission charge. If the University Council Cabinet determines that a resolution does not fall within the purview of a commission, senate leadership and/or commission chairs can present the resolution to the University Council to determine if the resolution is appropriate for the commission charge. A two-thirds affirmative vote of members of the Council present and voting, provided that a quorum has been reached, is required to reverse the decision of the University Council Cabinet.

Section 4. Policy Review Process

The majority of resolutions originate in senate commissions and advance through four stages: from the originating commission to the appropriate senate; from the senate to the University Council; from the University Council to the president; and from the president to the Board of Visitors. Exceptions include university commission resolutions, which do not require senate approval; University Council resolutions, which do not require the input or approval of a commission or senate (except for changes to the University Council Constitution); and resolutions that do not require approval by the Board of Visitors.

- a. Once a resolution is ready for review by a commission, the commission chair shall upload the resolution into the shared governance workflow management system and notify the secretary of the University Council that they have done so.
- b. For commissions, senates, and the University Council, the review process is as follows:
 1. A resolution is placed on a meeting agenda under "New Business" and marked "First Reading."
 2. The body may discuss but shall take no action on a resolution at first reading, unless by consent of two-thirds of the members present and voting, provided that a quorum has been reached.
 3. Deferral or referral requests may be made at the time of first reading (see Sections 5 and 6 of this article).
 4. At the next succeeding meeting, the resolution shall appear on the agenda under "Unfinished Business" and marked "Second Reading." Deferred resolutions will also be listed with the date of the "First Reading" indicated as well as its deferral status. A deferral request may also be made at that second reading, but only one deferral is allowed. A referral may also be requested at that time. If no deferral or referral is requested, the body shall vote on the resolution at that meeting.
- c. Resolutions being developed by senate commissions shall be considered roughly concurrently by the senate to which the commission is assigned. Whenever possible, within a week of the first or second senate commission reading, a resolution will have a first or second reading in its senate.
- d. Simple resolutions may be presented for first or second readings via inclusion on a consent agenda, and more complicated resolutions discussed and voted on as individual agenda items. Senate leadership will work with senate commission chairs to make these determinations for senates, and the University Council Cabinet will make these decisions for the University Council. At the request of any senator or member of the University Council, a resolution will be removed from the consent agenda and discussed or voted on by the body.
- e. Resolutions approved by senates or university commissions shall be placed on the University Council agenda on a schedule determined by the University Council Cabinet and sent to all members of the University Council, the editors of the student newspaper, and senate presidents. This distribution is to serve as official notification of the proposed policy consideration, not just for individual members, but for all offices and governance bodies represented on University Council. In the week prior to and on the day of each University Council meeting, the secretary of the University Council sends out a campus notice about the resolutions to be considered at that meeting.
- f. A policy resolution cannot be placed on the University Council agenda for first reading at the end of the academic year unless there are at least two meetings at which it can be considered. Otherwise, the first reading by the University Council must be delayed until the start of a new academic year. The University Council may approve a request for first reading and action on a resolution at its last meeting of the academic year by an affirmative vote of two-thirds of the membership present and voting, provided that a quorum has been reached (see b. above).

Section 5. Deferral

Deferral requests may be made by any member of the body at the time of first or second reading to allow time to resolve any material issues. A deferral lasts for a maximum of six weeks after the date of first reading or until the end of the academic year, whichever is the shortest period, but may be ended prior to that time if the reason for the deferral is resolved. While no formal vote is required to grant a deferral, the request may be denied if a vote is called and two-thirds of the membership present and voting agree to deny the request. The resolution, with date of first reading, will continue to appear on the commission, senate, or University Council agenda throughout the period of deferral.

At each level of approval (commission, senate, University Council), a resolution can be deferred only once. However, a resolution may be deferred at multiple levels of the approval process. For example, a resolution deferred by a senate may also be deferred when it reaches the University Council.

During the deferral period, members of the body (either a commission, senate, or the University Council) may forward recommendations relating to the resolution to the commission chair, appropriate senate officer, or the secretary of the University Council, as appropriate, and those recommendations will be distributed to members of the body with the agenda for the next succeeding meeting.

At the next succeeding meeting of the body, the resolution shall appear on the agenda under “Unfinished Business” and marked “Second Reading,” with the date of the “First Reading” indicated as well as its deferral status. Deferral requests may also be made at this time (i.e., second reading), as long as the resolution was not already deferred at the time of first reading. If no deferral is requested, the body shall vote on the resolution at that meeting.

At the end of six weeks after the date of first reading, the deferral period ends and the resolution is placed on the agenda of the deferring body under “Unfinished Business.” Subsequent actions for a senate or University Council are approval or disapproval.

Section 6. Referral

In senates, at the time of a first reading, a senate may refer a resolution to the commission for simple editorial changes provided that the commission chair approves of this action. The edited resolution will be placed on the agenda of the next senate meeting under “Unfinished Business.”

In the University Council, at the time of a first reading, the Council may refer a resolution to the secretary for simple editorial changes provided that the originating commission chair or the president of the appropriate senate approves of this action. The edited resolution will be placed on the agenda of the next council meeting under “Unfinished Business.”

If more substantial revisions are requested by a senate or the University Council, the resolution is returned to the originating commission for consideration of the proposed changes. With resolutions from senate commissions, this may require a new vote by the appropriate senate. The need for a new vote will be determined by the senate leadership in consultation with the senate commission chair and the University Council Cabinet. The resolution will be considered a “new” resolution when it is resubmitted for Council consideration. That is, it will be placed on the agenda marked “First Reading” as in Section 4 above, and is subject to deferral.

Section 7. Senate Comments on Resolutions

Senates have the right to issue recommendations on all resolutions; can offer comments as soon as the “Draft Notice” is received; and have until one week after a commission approves a resolution to submit recommendations. However, as a practical matter, only recommendations received after the “Draft” and “First Reading” notices are likely to impact commission discussions or the nature of the resolution.

Senate recommendations are uploaded into the shared governance workflow management system. Senate recommendations are appended to the resolution and not subject to revision or amendment by any commission, senate, or the University Council.

Senates can waive their right to offer recommendations on a resolution. Waivers may be conditional or unconditional and may be issued at any time during the discussion of the resolution by the commission. Failure of a senate to offer recommendations or to waive its right to do so will not delay a resolution from progressing to the appropriate senate or the University Council. Resolutions will include a standard response sheet maintained by the Office of the Vice President for Policy and Governance that indicates whether each senate has commented, waived its right to comment, or not responded. The process by which the senates comment on resolutions will be maintained in their bylaws.

~~1. The University Commissions formulate new policies or policy revisions and propose new or revised programs, either on their own initiative or by direction of the President, the University Council, or the Board of Visitors.~~

~~1. In preparing the case for a new policy or program, each Commission shall keep constituencies (and also, as appropriate, other Commissions, and senates sufficiently well informed that relevant advice and counsel from outside the Commission proper can be brought to bear at the policy (program) formulation stage.~~

~~— For all Commissions, it is the responsibility of individual Commission members, mainly by means of their cross-representational affiliations, to keep affiliated governance bodies and constituencies informed and to afford the opportunity for consultative referral.~~

~~— All Commissions shall consult with the five formal constituent groups at the beginning of and during the process of developing resolutions or upon the commission's receipt of a resolution from a committee or college. The five groups are identified as: Faculty Senate, Staff Senate, Administrative and Professional Faculty Senate, Graduate and Professional Student Senate, and Undergraduate Student Senate.~~

~~— Upon first reading at the Commission, resolutions shall be referred by the Commission to the five constituent groups (Faculty Senate, Staff Senate, Administrative and Professional Faculty Senate, Graduate and Professional Student Senate, and Undergraduate Student Senate) to provide each group the opportunity to issue a formal recommendation, unless the respective constituent group waives its right to do so (see subsection e. below). Each respective constituent group shall send its recommendation to the Commission upon the conclusion of its next regularly scheduled meeting, but in all cases within four weeks (counted while the University is in session). (Failure of a constituent group to forward its recommendation to the Commission within four weeks will not delay a resolution from progressing to University Council.) Any additional changes made to the resolution before its~~

~~adoption by the Commission will be communicated to the five constituent groups for their consideration in formulating each group's final recommendation to University Council. In addition, the Commission may request additional input from any of the groups before the final version of the resolution is completed.~~

~~· The Commission will send its final version of the resolution to the constituent groups upon the Commission's approval. The five constituent groups will send their final recommendation(s) to University Council for consideration by Council. To be considered by University Council, any recommendation(s) must be sent by the respective constituent group to the Secretary of University Council prior to the date of first reading at University Council. The recommendation(s) of the constituent group(s) will become a permanent appendix to the resolution not subject to revision or amendment by the Commission or by University Council.~~

~~· Waivers of the Referral process in subsection c. above may be conditional or unconditional and may be issued at any time during the discussion of the resolution by the Commission. Waivers become operative when submitted to the Commission chair by designated representative(s) of the respective constituent group.~~

~~1. Commissions shall prepare policy (program) proposals in standard Resolution form. These Resolutions shall be worded so as to provide, along with any accompanying explanation or annotation, sufficient information and background upon which to base subsequent debate of the issues involved. Policy (Program) Resolutions shall be titled and shall carry the name of the forwarding Commission and the date of Commission approval. Resolutions shall be forwarded to the Secretary of the University Council, who~~

~~shall place them on the agenda, and send them to all members of the University Council, the editors of the student newspapers, and the Presidents of the Faculty Senate, the Staff Senate, the Administrative and Professional Faculty Senate, the Graduate and Professional Student Senate, and the Undergraduate Student Senate. This distribution is to serve as official notification of the proposed policy (program) consideration, not just for individual members, but for all offices and governance bodies represented on University Council.~~

- ~~1. The Secretary of University Council shall distribute Commission minutes to all members of the University Council for routine review, noting said minutes on the agenda. When minutes come before Council for acceptance, the Council will verify the Commission decisions regarding which of the items brought to it are policy (program) items; those items in the minutes that Council considers policy (program) items shall be returned to the appropriate Commission for resubmission in the Resolution form.~~
- ~~1. On receipt of a Resolution from a Commission, the University Council shall take the following steps in the review process:~~
 - ~~— The Secretary shall place the Resolution on the agenda for the next succeeding Council meeting, under New Business, marked “First Reading.” Copies of the Resolution shall be available at the Council meeting for the convenience of all present.~~
 - ~~— A Policy (Program) Resolution cannot be placed on the University Council agenda for First Reading at the end of the academic year unless there are at least two meetings at which it can be considered. Otherwise, First Reading must be delayed until the start of a new academic year. The University Council may approve a request for first reading and action on a resolution at its last meeting of the academic year by a vote of three fourths of the membership present (see c. below).~~
 - ~~— Council may discuss but shall take no action on a Resolution at “First Reading,” unless by consent of three fourths of the members present. Deferral requests may be made at this time.~~
 - ~~— At the next succeeding meeting of the University Council, the Resolution shall appear on the agenda under Old Business, with the date of the First Reading indicated as well as its deferral status. Deferral requests may be made at this time. If no deferral is requested, the University Council shall act on the Resolution at that meeting.~~
 - ~~— If a request for deferral of the Resolution is made at the time of First or Second Reading, it shall be honored for a time period not exceeding six weeks from the date of the First Reading. However, Council may override a request for deferral by a vote of three fourths of the membership present. The Resolution, with date of First Reading, will continue to appear on the agenda throughout the period of deferral. Deferral can occur only once for a given Resolution.~~

- ~~— During the deferral period, the Senates and other governance units may forward recommendations relating to the Resolution to the Secretary of the University Council, and those recommendations will be distributed to Council members with the agenda for the next succeeding meeting.~~
- ~~a. At the end of six weeks after the date of First Reading, the deferral period ends and the Resolution is placed on the Council agenda under Old Business. Subsequent Council action may be approval, disapproval, referral, amendment, or indefinite postponement (which essentially kills the resolution).~~
- ~~a. If the Council refers a resolution to the originating body (or to the Secretary) for editorial changes or to incorporate amendments adopted during Council debate, the edited resolution will be placed on the agenda of the next Council meeting for consideration under Old Business, *not* subject to deferral.~~
- ~~a. If the Council refers a resolution to the originating body for other than editorial changes or to incorporate amendments adopted during Council debate, the resolution will be considered a “new” resolution when it is resubmitted for Council consideration. That is, it will be placed on the agenda marked “First Reading” as in (a) above, and is subject to deferral.~~

Article IV. University Mission Initiative Guidelines

1. The purpose of university mission initiatives is defined in Article XII of the University Council Constitution.
2. University mission initiatives originate in one of two ways:
 - a. If the Board of Visitors or president conclude that changes or additions of the scope and nature outlined in Article XII of the constitution would benefit the university, a university mission initiative committee is formed as outlined below.
 - b. If changes or additions of the scope and nature outlined in Article XII of the constitution are suggested by other participants in shared governance, a resolution may be drafted to treat the changes or additions as a university mission initiative. This originating resolution must be approved by the University Council and the president, does not require the approval of the Board of Visitors, and is only a commitment to form the university mission initiative committee. It is expected that ideas for university mission initiatives will be sufficiently detailed to allow the University Council Cabinet to understand clearly their strategic relevance, operations, expected outcomes, assessment methodology, potential expense, and project duration before an originating resolution is considered by the University Council.

3. The work on a university mission initiative is conducted and/or steered by a committee formed for this purpose. The University Council Cabinet, along with the sponsors of university mission initiatives, determine the chair(s) of the committee, outline its charge, and empanel the committee with appropriate representation from the administration, senates, and relevant caucuses in numbers relative to the nature of the changes or additions. Representatives are selected by their respective senates or caucuses from among the members of their respective constituent groups (i.e., a representative is not required to be a senator). At a minimum, all senates will have the opportunity to place at least one representative on a university mission initiative committee, though they are not obligated to do so. University mission initiative committees have the authority to form secondary committees and work groups that report to and take direction from the university mission initiative committee.
4. University mission initiatives will generally move through three phases: development, adaptation, and approval.

University mission initiative committees at the developmental phase are expected to be small and to advance the committee charge with a high-degree of independence from senates and administrative offices. The chair(s) of a university mission initiative committee, largely at times of their choosing, will periodically update and receive input from the University Council and senates on the committee's progress, and other members will periodically update their constituencies and receive input from them as well. Through an iterative process of development and response, a university mission initiative proposal is advanced until the University Council Cabinet deems that it is sufficiently defined and supported to enter the adaptation phase.

At this time, the University Council Cabinet may add members to the original committee, with the understanding that the goal is not to fundamentally change a university mission initiative proposal but instead to review, critique and adapt it within the broad limits of the original proposal in an attempt to improve it, achieve a consensus of support across relevant university constituencies, and ensure that it is well aligned with the university's strategic plan. During this phase, the University Council Cabinet may determine that the proposal would benefit from gaining approval first as an outline or framework, with the entirety of the work being completed only after the general nature, scope, and benefits of the proposed changes or additions have been recognized and approved by the president, and if appropriate, the Board of Visitors.

During the approval phase, the University Council Cabinet works with the university mission initiative committee, senate leaders, and commission chairs to advance the university mission initiative proposal through governance. Depending on the extent of the changes or additions, the work product of a university mission

initiative committee will be taken through governance in one or several resolutions. (These are in addition to an originating resolution, if required.) In all cases, the University Council Cabinet determines how best to advance the work of university mission initiative committees through governance, including what resolutions are required and which commissions will sponsor them, since university mission initiative committees cannot introduce resolutions directly, and provides ongoing guidance on governance processes and requirements.

5. When deemed appropriate by the University Council Cabinet and in accordance with our principles of shared governance, the university mission initiative processes for committee formation and proposal development may be applied to work that will not be taken through governance, such as the strategic plan.

Article V. Leadership Transitions of Senates, Commissions, and Committees

To facilitate the smooth transition of shared governance leadership, the procedures and practices of each senate and its commission(s) that are not described in the University Council Constitution and Bylaws or a senate's constitution and bylaws will be maintained by each senate in a document or documents and presented to each new senate president.

Among other topics, the documentation should include a method for the transition of the senate officers and the chairs of all related bodies, such as commissions and committees; a process for the transition and safekeeping of the body's archival records; meeting procedures for the senate and its related bodies; and responsibilities and expectations for senators, senate officers, and commission or committee chairs.

Additionally, current and incoming senate officers, commission chairs, and commission advisors are expected to review all resolutions, policy work, or topics currently being considered or developed by the senate and/or its commission(s), with the goal of maintaining legislative effort from year to year.

The Office of the Vice President for Policy and Governance will review the procedures for university commissions and standing committees with new commission and committee chairs, and can provide senate presidents a set of best practices for senate, commission, and committee operations.

Article VI. Review of the State of Shared Governance

Every three years, the Office of the Vice President for Policy and Governance will schedule a "state of shared governance" meeting for the University Council Cabinet. The meeting will provide cabinet members an opportunity to review the operation of shared governance and should occur in the spring semester. Depending on the outcome of that meeting, the

cabinet will make no recommendations for changes to shared governance; recommend a set of changes; or recommend further examination of the state of shared governance by an existing body or an ad hoc work group. As part of this review, the cabinet will evaluate the representation within the University Council and the senates of the caucuses and other diversity groups that are members of the Commission on Equal Opportunity and Diversity, and make recommendations on the extent and/or nature of that representation.

The cabinet will present a statement to the University Council that summarizes its views and recommendations. The Council will discuss this statement; approve, disapprove, or modify its recommendations; and select the appropriate commission(s) to advance any recommendations it approves. Should the Council determine that further examination of the state of shared governance is warranted, it will assign this work to an existing body or ad hoc group. The report of that group will first be presented to the UCC, after which the report and the cabinet's response to it will be presented to the Council for review and possible action.
